

Datasheet – Dukkaboard Recess-Panels

Ready-made recess, mounted in a 12mm Dukkaboard Original-Panel, used for creating features in a bathroom or wet-room walls. To take decorative tile covering. Edges tanked to surrounding Dukkaboard Original-Panel 12mm.

Advantages over traditional build of recess

- Prebuilt. Every recess panel conforms to exact size (and suits common tile sizes)
- Pre-tanked. Guaranteed corner seals
- Lightweight and fast install. Inserts into studwork as simply as a flat panel
- Suitable for any wall application including wet-room
- Can be adjusted for final alignment WITHOUT compromising waterproofing integrity

Sizes available:

	Height	Width	Depth	Flange size
6143	620mm	320mm	100mm	800x600mm
5295	320mm	320mm	100mm	600x475mm
5296	310mm	310mm	100mm	400x400mm
5236	610mm	410mm	100mm	800x600mm
5237	410mm	410mm	100mm	600x600mm
6142	320+320mm*	320mm	100mm	900x600mm

*Twin recess design: with dual equal height pockets, separated by 10mm shelf
